- After a detailed review and discussion of the proposed Local Law Governing Logging in the Town of Fremont the Planning Board stands by its recommendation outlined in the email to the Town Board on January 21, 2020. The Planning Board specifically sites points 7 as there is no mechanism or resources to support the process and point 8 if a public hearing is held and the Law is passed it is likely be challenged. Finally the Planning Board believes the penalties in the proposed law are unreasonable and unenforceable.
